July 19, 2017

Greetings,

In response to the Since Michigan law (MCL 55.287) requires, inter alia, notaries to print their names beneath their signatures, it only makes sense to have a place for the notary's printed name on all forms requiring notarization.

This time around, this would apply to jc83. There is certainly room on the proposed form and it is required by law.

Very truly yours,

LEWINSKI & BREWSTER, P.C.
